

QUALIFICATION PACK – OCCUPATIONAL STANDARD FOR LEATHER SECTOR

What are Occupational Standards(OS)?

- OS describe what individuals need to do, know and understand in order to carry out a particular job role or function
- OS are performance standards that individuals must achieve when carrying out functions in the workplace, together with specifications of the underpinning knowledge and understanding

Introduction

Qualification Pack - Stitcher (Goods and Garments)

SECTOR:	LEATHER
SUB SECTOR:	Goods and Garments
OCCUPATION:	Stitching
REFERENCE ID:	LSS /Q5501
ALIGNED TO:	NCO-2004/8263.10

Brief Job Description: A Stitcher, also called a 'sewer' is an important job-role associated with Leather Goods and Garment sector. The primary responsibility of a stitcher is to sew fabric, fur, leather or synthetic materials to produce garments and other articles.

Personal Attributes: Stitcher should have good hand-eye co-ordination, motor skills and vision (including near vision, distance vision, colour vision, peripheral vision, depth perception and ability to change focus).

Qualifications Pack Code	LSS /Q5501		
Job Role	Stitcher (Goods and Garments)		
Credits(NSQF)	TBD	Version number	1.0
Sector	Leather	Drafted on	25/07/13
Sub-sector	Goods and Garments	Last reviewed on	31/03/15
Occupation	Stitching	Next review date	31/03/17
NSQC Clearance on	18/06/2015		

Job Role	Stitcher (Goods and Garments)
Role Description	To sew fabric, fur, leather or synthetic materials to produce garments and other articles in Leather Goods and Garments sector
NSQF level	4
Minimum Educational Qualifications*	Class V
Maximum Educational Qualifications*	N/A
Training (Suggested but not mandatory)	On-The-Job-Training
Minimum Job Entry Age	18 years
Experience	Prior experience in goods/garment manufacturing for a minimum of 2-3 years preferred
Applicable National Occupational Standards (NOS)	Compulsory LSS/N5501 Stitch components to produce leather goods& garments LSS/N5502 Contribute to achieving the product quality in stitching operations LSS/N8501 Maintain the work area, tools and machines LSS/N8601 Maintain health, safety and security at workplace LSS/N8701 Comply with industry, regulatory and organisational requirements Optional: N.A.
Performance Criteria	As described in the relevant OS units

Keywords /Terms	Description
Sector	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Vertical	Vertical may exist within a sub-sector representing different domain areas or the client industries served by the industry.
Occupation	Occupation is a set of job roles, which perform similar/related set of functions in an industry.
Function	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.
Sub-functions	Sub-functions are sub-activities essential to fulfil achieving the objectives of the function.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding; he/she needs to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria	Performance Criteria are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are Occupational Standards which apply uniquely in the Indian context.
Qualifications Pack Code	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.
Qualifications Pack(QP)	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
Unit Code	Unit Code is a unique identifier for an Occupational Standard, which is denoted by an 'N'.
Unit Title	Unit Title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to find the required one.
Scope	Scope is the set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on the quality of required performance.
Knowledge and Understanding	Knowledge and Understanding are statements which together specify the technical, generic, professional and organizational specific knowledge that an individual needs in order to perform up to the required standard.

Acronyms

Keywords /Terms	Description
OS	Occupational Standard(s)
NOS	National Occupational Standard(s)
QP	Qualifications Pack
NSQF	National Skill Qualifications Framework

LSS/N5501

Stitch components to produce leather goods& garments

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to stitch components for leather goods using machines or by hand.

National Occupational Standards

LSS/N5501

Stitch components to produce leather goods& garments

National Occupational Standard

Unit Code	LSS/N5501
Unit Title (Task)	Stitch components to produce leather goods& garments
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to stitch components for leather goods using machines or by hand.
Scope	This unit/task covers the following: • Prepare for stitching operations • Stitching Operations
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Prepare for stitching operations	To be competent, the user/individual on the job must be able to: - PC1. Make sure the work area is free from hazards - PC2. Follow the instructions on the work ticket/ job card in line with the responsibilities of your job role - PC3. Ask questions to obtain more information on tasks when the instructions you have are unclear - PC4. Agree and review your agreed upon work targets with your supervisor and check for special instructions, if any - PC5. Use the correct tools and equipment - PC6. Check that equipment is safe and set up in readiness for use - PC7. Select the correct component parts for the style being worked on - PC8. Check that the materials to be used are free from faults - PC9. Ensure the materials used meet the specification matching • Within product • Between a pair of products where applicable - PC10. Report faults in the materials - PC11. Carry out operations at a rate which maintains work flow and meets production targets - PC12. Conform to company quality standards - PC13. Report any damaged work to the responsible person - PC14. Follow company reporting procedures about defective tools and machines which affect work and report risks/ problems likely to affect services to the relevant person promptly and accurately - PC15. Seek feedback from team mates on work related performance - PC16. Ask for help and information from your colleagues, when necessary, in a polite manner - PC17. Anticipate and respond to requests for assistance from colleagues willingly and politely - PC18. Follow and utilize opportunities for learning - PC19. Update and develop knowledge of the products - PC20. Check with others when unsure of new product details - PC21. Sort and place work to assist the next stage of production and minimise the risk of damage - PC22. Leave work area safe and secure when work is complete

LSS/N5501

Stitch components to produce leather goods& garments

	PC23. Complete forms, records and other documentation PC24. Work in conformance to legal requirements, organizational policies and procedures
Stitching Operations	PC25. Make sure the work area is free from hazards PC26. Carry out work functions in line with the responsibilities of your job role PC27. Examine the specific item to identify what type of stitching is best suited PC28. Ask questions to obtain more information on tasks when the instructions you have are unclear and finalize the stitching option with the supervisor, in case of queries PC29. Estimate the expected length of time for the process PC30. Set up machine according to manufacturers' instructions and production requirements PC31. Use the correct machine, tools and equipment: • Post Bed Sewing M/c • Computerized Sewing M/c • Zig Zag M/c • Embroidery M/c • Thread cutter for Non- Leather components PC32. Set machine controls for the materials being stitched PC33. Perform a test run to ensure machine is operating correctly PC34. Adjust machine controls where necessary PC35. Report defective machines, tools and/or equipment to the responsible person PC36. Operate machines safely and in accordance with guidelines PC37. Optimize the positioning and layout of materials to ensure a smooth and rapid throughput PC38. Check the equipment prior to making the stitching, including: • Correct controls • Correct attachments • Changing needles • Changing threads • Changing awls • Correct Timing • Threading - threading sequence, thread tension, stitch quality • Bobbin- winding & changing PC39. Adjust the tension and stitch length PC40. Stitch the correct materials in the right sequence as required by the production specification PC41. Pass the stitched item to the next stage in the manufacturing process after validation PC42. Respond accordingly where stitched items do not meet production specification PC43. Minimise and dispose of waste materials in the approved manner PC44. Seek feedback from team mates on work related performance PC45. Ask for help and information from your colleagues, when necessary, in a

National Occupational Standards

LSS/N5501

	polite manner PC46. Anticipate and respond to requests for assistance from colleagues willingly and politely PC47. Follow and utilize opportunities for learning PC48. Update and develop knowledge of the products PC49. Check with others when unsure of new product details PC50. Clean and make safe machines after use PC51. Carry out basic maintenance of own machines PC52. Report risks/ problems likely to affect services to the relevant person promptly and accurately PC53. Complete forms, records and other documentation PC54. Work in conformance to legal requirements, organizational policies and procedures
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. The organisation's policies and procedures KA2. Responsibilities under health, safety and environmental legislation KA3. Guidelines for storage and disposal of waste materials KA4. Potential hazards associated with the machines and the safety precautions that must be taken KA5. Protocol to obtain more information on work related tasks KA6. Contact person in case of queries on procedure or products and for resolving issues related to defective machines, tools and/or equipment KA7. Details of the various job roles and responsibilities KA8. Documentation and reporting formats KA9. Work target and review mechanism with your supervisor KA10. Protocol and format for reporting work related risks/ problems KA11. Method of obtaining/ giving feedback related to performance KA12. Importance of team work and harmonious working relationships KA13. Process for offering/ obtaining work related assistance
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Knowledge of leather goods and garments and types of leather goods requiring stitching by hand or machine stitching KB2. Range of techniques most suited to the different types of leather goods construction KB3. Sources of updates on leather goods and garments and other related areas KB4. Common factors affect stitching KB5. Broken needle procedure KB6. Thread thickness, shade and needle sizes KB7. Different seams and used in leather goods /garments- Edge binding, reverse stitch, French seam top stitch KB8. Variations in stitch types - darts , tucks, pleats, piping, gathering, etc. KB9. Setting up and adjusting machine controls

National Occupational Standards

LSS/N5501

Stitch components to produce leather goods& garments

	KB10. The typical faults of stitching machines and methods to rectify them KB11. The actions to take in the event of a machine ceasing to function correctly KB12. Common hazards in the work area and workplace procedures for dealing with them KB13. The main pieces of equipment needed to stitch the item and their capabilities KB14. The characteristics of the materials and how they differ KB15. The problems encountered when stitching different constructions KB16. Usage, application and storage of adhesives KB17. Maintenance, adjustment and replacement of worn parts on the machines required for different types of attachment KB18. The manufacturer's instructions for setting up, adjusting and operating the equipment KB19. The manufacturer's specifications and instructions for maintenance of equipment KB20. Proper sequence of shutting down the machine KB21. Interpretation of body language (both positive and negative) KB22. Method of sharing domain related information with team members KB23. Safety precautions to be taken when stitching
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Write in English/ local language as applicable SA2. Fill up appropriate technical forms, process charts, activity logs in the prescribed format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA3. Read English/ local language as applicable SA4. Read and understand manuals, health and safety instructions, memos, reports, job cards etc
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to: SA5. Listen actively SA6. Communicate effectively with supervisors, managers, etc
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to: SB1. Analyse the defects and the procedure for dealing with it SB2. Take appropriate actions in terms of any deviations from the process
	Plan and Organize
	The user/ individual on the job needs to know and understand how to: SB3. Plan and set the targets along with the supervisors and the co workers SB4. Organize tools and equipments to be used SB5. Plan for placing the different components in an organized manner on a daily basis

National Occupational Standards

LSS/N5501

Stitch components to produce leather goods& garments

	SB6. Set targets to produce requisite batch of stitched components
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:
	SB7. Ensure all customer needs are assessed and every effort is made to provide satisfactory service
	SB8. Evaluate and stitch components as per client specifications
	Problem Solving
	The user/ individual on the job needs to know and understand how to:
	SB9. Clarify instructions given by the supervisors
	SB10. Identify possible defects with the products
	SB11. Review the defects and take appropriate actions to rectify them
	SB12. Report to the authority if problems cannot be rectified
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB13. Diagnose common problems in the machine based on visual inspection
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB14. Assess and control the quality standards of the product as per customer standards
	SB15. Analyse, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

LSS/N5502 Contribute to achieving the product quality in stitching operations

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to monitor the quality of the production while undertaking stitching related activities to ensure products meet specifications.

LSS/N5502 Contribute to achieving the product quality in stitching operations

National Occupational Standard

Unit Code	LSS/N5502
Unit Title (Task)	Contribute to achieving the product quality in stitching operations
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to monitor the quality of the production while undertaking stitching related activities to ensure products meet specifications.
Scope	This unit/task covers the following: Contribute to achieving the product quality in stitching operations
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Contribute to achieving the product quality in stitching operations	To be competent, the user/individual on the job must be able to: PC1. Identify and use materials required based on the job card/ work ticket PC2. Take the necessary action when materials do not conform to company quality standards PC3. Report and replace identified faulty materials and component parts which do not meet specification PC4. Carry out work safely and at a rate which maintains work flow PC5. Report to the responsible person when the work flow of other production areas disrupts work PC6. Test, sort, track feed and examine work in progress PC7. Carry out quality checks at specified intervals according to instructions PC8. Apply the allowed tolerances PC9. Identify faults and take appropriate action for rectification PC10. Make adjustments promptly to return product to specification PC11. Fault-find materials and components for creased, stained, damage and incorrectly made-up component parts PC12. Report faults in other processes to the appropriate person PC13. Maintain the required productivity and quality levels PC14. Complete and maintain documentation
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. Safe working practices and organisational procedures KA2. The organisation's procedures and guidelines KA3. Quality systems and processes practiced in the organization KA4. Equipment operating procedures / manufacturer's instructions KA5. Types of problems with quality and how to report them to appropriate people KA6. Methods to present any ideas for improvement to line manager KA7. The importance of complying with written instructions KA8. Limits of personal responsibility KA9. Reporting procedure in case of faults in own/ other processes KA10. Importance of documentation KA11. Responsibilities under Health, Safety and Environmental legislation and regulations
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Different types of faults that are likely to be found and how to put them right

LSS/N5502 Contribute to achieving the product quality in stitching operations

	KB2. Different techniques and methods used to detect faults KB3. Appropriate Inspection methods that can be used KB4. Acceptable solutions for particular faults KB5. The consequences of not rectifying problems KB6. The types of adjustments suitable for specific types of faults KB7. Own responsibilities at work during production KB8. Own quality and production targets and the effect of not meeting these on self and/or the team KB9. Appropriate lock stitches to prevent opening KB10. Manufacturer's instructions
Skills (S)

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to organise/ maintain work areas and activities to ensure tools and machines are maintained as per norms.

LSS/N8501

Maintain the work area, tools and machines

Unit Code	LSS/N8501
Unit Title (Task)	Maintain the work area, tools and machines
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to organise/ maintain work areas and activities to ensure tools and machines are maintained as per norms.
Scope	This unit/task covers the following: Maintenance of the work area, tools and machines
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Maintenance of work area, tools and machines	To be competent, the user/individual on the job must be able to: PC1. Handle materials, machinery, equipment and tools safely and correctly PC2. Use correct lifting and handling procedures PC3. Use materials to minimize waste PC4. Prepare and organize work PC5. Maintain a clean and hazard free working area PC6. Deal with work interruptions PC7. Move around the workplace with care PC8. Maintain tools and equipment PC9. Carry out running maintenance within agreed schedules PC10. Carry out maintenance and/or cleaning outside responsibility PC11. Report unsafe equipment and other dangerous occurrences PC12. Ensure that the correct machine guards are in place PC13. Work in a comfortable position with the correct posture PC14. Use cleaning equipment and methods appropriate for the work to be carried out PC15. Dispose of waste safely in the designated location PC16. Store cleaning equipment safely after use PC17. Complete and store accurate records and documentation PC18. Maintain proper lighting, ventilation to make sure general comfort is there while working PC19. Give inputs and assist in completing documentation PC20. Report the need for maintenance and/or cleaning outside your area of responsibility PC21. Ensure safe and correct handling of materials, equipment and tools PC22. Maintain appropriate environment to protect stock from pilfering, theft, damage and deterioration
Knowledge and Understanding (K)	
C. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. Personal hygiene and duty of care KA2. Safe working practices and organizational procedures KA3. Limits of one's own responsibility KA4. Ways of resolving with problems within the work area KA5. The production process and the specific work activities that relate to the whole process

LSS/N8501

Maintain the work area, tools and machines

	KA6. The lines of communication, authority and reporting procedures KA7. The organization's rules, codes and guidelines (including timekeeping) KA8. The companies quality standards KA9. The types of records kept, how are they completed and the importance of keeping them accurate KA10. The importance of complying with written instructions KA11. Equipment operating procedures / manufacturer's instructions KA12. Statutory responsibilities under Health, Safety and Environmental legislation and regulations KA13. The quality standards and processes followed by the organization relevant to your role KA14. Documentation required for reporting
D. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Work instructions and specifications and interpret them accurately KB2. Method to make use of the information detailed in specifications and instructions KB3. Relation between work role and the overall manufacturing process KB4. The importance of good time keeping and attendance KB5. The importance of minimized production costs KB6. The importance of taking action when problems are identified KB7. Different ways of minimizing waste KB8. The importance of running maintenance and regular cleaning KB9. Effects of contamination on products i.e. Machine oil, dirt KB10. Common faults with equipment and the method to rectify KB11. Maintenance procedures and manufacturer's instructions KB12. Hazards likely to be encountered when conducting routine maintenance KB13. Different types of cleaning equipment and substances and their use KB14. Safe working practices for cleaning and the method of carrying them out KB15. The production process and the specific work activities that relate to the whole process
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Write and document appropriate technical forms, job cards, inspection sheets as required format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA2. Read and comprehend basic English to read and interpret indicators in the machine and operating manuals, job cards, visual cards SA3. Read and understand manuals, health and safety instructions, memos, reports, job cards etc.
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to: SA4. Speak and communicate effectively to peers and supervisors SA5. Give clear instructions to co-workers, subordinates others

LSS/N8501

Maintain the work area, tools and machines

	SA6. Use correct technical term while interacting with supervisor
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to:
	SB1. Take appropriate decisions regarding to responsibilities
	SB2. Assess for any damage/faulty component in the concerned machinery and take action accordingly
	SB3. Evaluate the decision and conduct basic trouble shooting
	Plan and Organize
	The user/ individual on the job needs to know and understand how to:
	SB4. Plan and manage work routine based on company procedure
	SB5. Work with supervisors/ team mates to carry out work related tasks
	SB6. Plan for cleaning and lubricating the concerned machinery daily
	SB7. Plan for cleaning the concerned tools and workplace daily before and after operations
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:
	SB8. Ensure and follow organizational procedures pertaining to health and safety are followed
	Problem Solving
	The user/ individual on the job needs to know and understand how to:
	SB9. Solve operational role related issues
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB10. Diagnose common problems in the machine based on visual inspection, sound, temperature etc
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB11. Analyse, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

LSS/N8601

Maintain health, safety and security at workplace

National Occupational Standard

Unit Code	LSS/N8601
Unit Title (Task)	Maintain health, safety and security at workplace
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimize risk to self and others.
Scope	This unit/task covers the following: Compliance with health, safety and security requirements at work
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Compliance with health, safety and security requirements at work	To be competent, the user/individual on the job must be able to: PC1. Comply with health and safety related instructions applicable to the workplace PC2. Use and maintain personal protective equipment as per protocol PC3. Carry out own activities in line with approved guidelines and procedures PC4. Maintain a healthy lifestyle and guard against dependency on intoxicants PC5. Follow environment management system related procedures PC6. Identify and correct (if possible) malfunctions in machinery and equipment PC7. Report any service malfunctions that cannot be rectified PC8. Store materials and equipment in line with manufacturer's and organizational requirements PC9. Safely handle and move waste and debris PC10. Minimize health and safety risks to self and others due to own actions PC11. Seek clarifications, from supervisors or other authorized personnel in case of perceived risks PC12. Monitor the workplace and work processes for potential risks and threats PC13. Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned PC14. Report hazards and potential risks/ threats to supervisors or other authorized personnel PC15. Participate in mock drills/ evacuation procedures organized at the workplace PC16. Undertake first aid, fire-fighting and emergency response training, if asked to do so PC17. Take action based on instructions in the event of fire, emergencies or accidents PC18. Follow organization procedures for shutdown and evacuation when required
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the	The user/individual on the job needs to know and understand: KA1. Health and safety related practices applicable at the workplace KA2. Potential hazards, risks and threats based on nature of operations

LSS/N8601

Maintain health, safety and security at workplace

company / organization and its processes)	KA3. Organizational procedures for safe handling of equipment and machine operations KA4. Potential risks due to own actions and methods to minimize these KA5. Environmental management system related procedures at the workplace KA6. Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points KA7. Potential accidents and emergencies and response to these scenarios KA8. Reporting protocol and documentation required KA9. Details of personnel trained in first aid, fire-fighting and emergency response KA10. Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Occupational health and safety risks and KB2. Personal protective equipment and method of use KB3. Identification, handling and storage of hazardous substances KB4. Proper disposal system for waste and by-products KB5. Signage related to health and safety and their meaning KB6. Importance of sound health, hygiene and good habits KB7. Ill-effects of alcohol, tobacco and drugs
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to:
	SA1. Document and report any health and safety related incidents/ accidents
	Reading Skills
	The user/ individual on the job needs to know and understand how to:
	SA2. Read and comprehend manuals of operations
B. Professional Skills	SA3. Read all organizational and equipment related health and safety manuals and documents
	SA4. Read instructions, guidelines/procedures/rules related to the worksite and machine operations
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to:
B. Professional Skills	SA5. Give clear instructions to co-workers, subordinates and other personnel
	SA6. Use correct technical terms while interacting with supervisor
	Decision Making
	The user/ individual on the job needs to know and understand how to:
B. Professional Skills	SB1. Make an appropriate timely decision in responding to emergencies/accidents in line with organization
	SB2. Evaluate and use correct PPE and other safety gear while at the workplace
	Plan and Organize
	The user/ individual on the job needs to know and understand how to:
B. Professional Skills	SB3. Work with supervisors/ team mates to carry out work related tasks

LSS/N8601

Maintain health, safety and security at workplace

	SB4. Plan work according to the required schedule
	SB5. Keep work area free from potential hazards
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:

LSS/N8701 Comply with industry, regulatory and organisational requirements

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required for complying with industry, regulatory and organizational requirements at the workplace.

LSS/N8701 Comply with industry, regulatory and organisational requirements

National Occupational Standard

Unit Code	LSS/N8701
Unit Title (Task)	Comply with industry, regulatory and organisational requirements
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required for complying with industry, regulatory and organizational requirements at the workplace.
Scope	This unit/task covers the following: Compliance with industry, regulatory and organizational requirements
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Compliance with industry, regulatory and organizational requirements	To be competent, the user/individual on the job must be able to: PC1. Carry out work functions in accordance with legislation and regulations, organizational guidelines and procedures PC2. Seek and obtain clarifications on policies and procedures, from the supervisor or other authorized personnel PC3. Apply and follow these policies and procedures within the work practices PC4. Provide support to the supervisor and team members in enforcing these considerations PC5. Identify and report any possible deviation to these requirements
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. The importance of having an ethical and value-based approach to governance KA2. Benefits to the company and oneself due to practice of these procedures KA3. Specific to the industry/sector, know and understand: - Legal, regulatory and ethical requirements - Procedures to follow if someone does not meet the requirements KA4. Customer specific requirements mandated as a part of the work process
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Country / customer specific regulations for the sector and their importance KB2. Reporting procedure in case of deviations KB3. Limits of personal responsibility
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Write and document appropriate technical forms, job cards, inspection sheets as required format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA2. Read and comprehend the organizational documents pertaining to rules and procedures SA3. Read and comprehend basic English to read and interpret indicators in the machine and operating manuals, job cards, visual cards, etc

LSS/N8701 Comply with industry, regulatory and organisational requirements

	SA4. Read in the local language as applicable
	SA5. Read and understand manuals, health and safety instructions, memos, reports, job cards etc
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to:
	SA6. Positively influence the team members into following procedures
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to:
	SB1. Take appropriate decisions related to responsibilities
	Plan and Organize
	The user/ individual on the job needs to know and understand how to:
	SB2. Plan and manage work routine based on company procedure
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:
	SB3. Ensure and follow organizational procedures and policies
	Problem Solving
	The user/ individual on the job needs to know and understand how to:
	SB4. Evaluate and seek and obtain clarification from the superiors
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB5. Apply balanced judgement to different situations
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB6. Analyse, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

LSS/N8701 Comply with industry, regulatory and organisational requirements

CRITERIA FOR ASSESSMENT OF TRAINEES

Job Role Stitcher (Leather Goods & Garments)

Qualification Pack Code LSS /Q5501

Sector Skill Council Leather

Guidelines for Assessment:

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC
3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below)
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on these criteria
5. To pass the Qualification Pack, every trainee should score a minimum of 50% aggregate
6. In case of successfully passing only certain number of NOS's, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack

NOS	PC	Marks Allocation			
		Total Mark	Out Of	Theory	Skills Practical
1. LSS/N5501 (Stitch components to produce leather goods& garments)	PC1. Make sure the work area is free from hazards	100	2	0	2
	PC2. Follow the instructions on the work ticket/ job card in line with the responsibilities of your job role		1	0	1
	PC3. Ask questions to obtain more information on tasks when the instructions you have are unclear		2	0	2
	PC4. Agree and review your agreed upon work targets with your supervisor		1	0	1
	PC5. and check for special instructions, if any		1	0	1
	PC6. Use the correct tools and equipment		6	5	1
	PC7. Check that equipment is safe and set up in readiness for use		1	0	1
	PC8. Select the correct component parts for the style being worked on		1	0	1
	PC9. Check that the materials to be used are free from faults		1	0	1

	PC10. Ensure the materials used meet the specification matching • Within a product • Between a pair of products where applicable		7	5	2
	PC11. Report faults in the materials		1	0	1
	PC12. Carry out operations at a rate which maintains work flow and meets production targets		1	0	1
	PC13. Conform to company quality standards		1	0	1
	PC14. Report any damaged work to the responsible person		1	0	1

	PC18. Anticipate and respond to requests for assistance from colleagues willingly and politely		2	0	2
	PC19. Follow and utilize opportunities for learning		1	0	1
	PC20. Update and develop knowledge of the products		1	0	1
	PC21. Check with others when unsure of new product details		1	0	1
	PC22. Sort and place work to assist the next stage of production and minimise the risk of damage		1	0	1
	PC23. Leave work area safe and secure when work is complete		2	0	2
	PC24. Complete forms, records and other documentation		1	0	1
	PC25. Work in conformance to legal requirements, organizational policies and procedures		1	0	1
	PC26. Make sure the work area is free from hazards		6	5	1
	PC27. Carry out work functions in line with		1	0	1

	the responsibilities of your job role			
	PC28. Examine the specific item to identify what type of stitching is best suited	2	0	2
	PC29. Ask questions to obtain more information on tasks when the instructions you have are unclear and finalize the stitching option with the supervisor, in case of queries	2	0	2
	PC30. Estimate the expected length of time for the process	1	0	1
	PC31. Set up machine according to manufacturers' instructions and production requirements- • Post Bed Sewing M/c • Computerized Sewing M/c • Zig Zag M/c • Embroidery M/c • Thread cutter for Non-Leather components	1	0	1
	PC32. Use the correct machine, tools and equipment	1	0	1
	PC33. Set Machine controls for the materials being stitched	1	0	1
	PC34. Perform a test run to ensure machine is operating correctly	1	0	1
	PC35. Adjust machine controls where necessary	1	0	1
	PC36. Report defective machines, tools and/or equipment to the responsible person	6	5	1
	PC37. Operate machines safely and in accordance with guidelines	2	0	2
	PC38. Optimize the positioning and layout of materials to ensure a smooth and rapid throughout	1	0	1
	PC39. Check the equipment prior to making the stitching, including: • Correct controls • Correct attachments • Changing needles • Changing threads • Changing awls • Correct Timing • Threading - threading sequence, thread tension, stitch quality • Bobbin- winding & changing	13	10	3

	PC40. Adjust the tension and stitch length		1	0	1
	PC41. Stitch the correct materials in the right sequence as required by the production specification		2	0	2
	PC42. Pass the stitched item to the next stage in the manufacturing process after validation		2	0	2
	PC43. Respond accordingly where stitched items do not meet production specification		1	0	1
	PC44. Minimise and dispose of waste materials in the approved manner		1	0	1
	PC45. Seek feedback from team mates on work related performance		1	0	1
	PC46. Ask for help and information from your colleagues, when necessary, in a polite manner		1	0	1
	PC47. Anticipate and respond to requests for assistance from colleagues willingly and politely		2	0	2
	PC48. Follow and utilize opportunities for learning		1	0	1
	PC49. Update and develop knowledge of the products		1	0	1
	PC50. Check with others when unsure of new product details		1	0	1
	PC51. Clean and make safe machines after use		1	0	1
	PC52. Carry out basic maintenance of own machines		2	0	2
	PC53. Report risks/ problems likely to affect services to the relevant person promptly and accurately		1	0	1
	PC54. Complete forms, records and other documentation		2	0	2
	PC55. Work in conformance to legal requirements, organizational policies and procedures		1	0	1
		Total	100	30	70
2. LSS/N5502(Contribute to achieving the product quality in stitching operations)	PC1. Identify and use materials required based on the job card/ work ticket	50	1	0	1
	PC2. Take the necessary action when materials do not conform to company quality standards		6	5	1
	PC3. Report and replace identified faulty		11	10	1

	materials and component parts which do not meet specification				
	PC4. Carry out work safely and at a rate which maintains work flow		1	0	1
	PC5. Report to the responsible person when the work flow of other production areas disrupts work		2	0	2
	PC6. Test, sort, track feed and examine work in progress		11	10	1
	PC7. Carry out quality checks at specified intervals according to instructions		1	0	1
	PC8. Apply the allowed tolerances		1	0	1
	PC9. Identify faults and take appropriate action for rectification		1	0	1
	PC10. Make adjustments promptly to return product to specification		1	0	1
	PC11. Fault-find materials and components for creased, stained, damage and incorrectly made-up component parts		1	0	1
	PC12. Report faults in other processes to the appropriate person		11	10	1
	PC13. Maintain the required productivity and quality levels		1	0	1
	PC14. Complete and maintain documentation		1	0	1
		Total	50	35	15
3. LSS/N8501- (Maintain the work area, tools and machines)	PC1. Handle materials, machinery, equipment and tools safely and correctly	50	2	0	2
	PC2. Use correct lifting and handling procedures		1	0	1
	PC3. Use materials to minimize waste		2	0	2
	PC4. Prepare and organize work		3	0	3
	PC5. Maintain a clean and hazard free working area		1	0	1
	PC6. Deal with work interruptions		5	0	5
	PC7. Move around the workplace with care		1	0	1
	PC8. Maintain tools and equipment		8	5	3
	PC9. Carry out running maintenance within agreed schedules		1	0	1
	PC10. Carry out maintenance and/or cleaning outside responsibility		1	0	1
	PC11. Report unsafe equipment and other dangerous occurrences		1	0	1
	PC12. Ensure that the correct machine guards are in place		2	0	2

	PC13. Work in a comfortable position with the correct posture		1	0	1
	PC14. Use cleaning equipment and methods appropriate for the work to be carried out		2	0	2
	PC15. Dispose waste safely in the designated location		11	10	1
	PC16. Store cleaning equipment safely after use		1	0	1
	PC17. Complete and store documentation		2	0	2
	PC18. Maintain proper lighting, ventilation to make sure general comfort is there while working		1	0	1
	PC19. Give inputs and assist in completing documentation		1	0	1
	PC20. Report the need for maintenance and/or cleaning outside your area of responsibility		1	0	1
	PC21. Ensure safe and correct handling of materials, equipment and tools		1	0	1
	PC22. Maintain appropriate environment to protect stock from pilfering, theft, damage and deterioration		1	0	1
		Total	50	15	35
4. LSS/N8601 - (Maintain health, safety and security at workplace)	PC1. Comply with health and safety related instructions applicable to the workplace	25	1	0	1
	PC2. Use and maintain personal protective equipment as per protocol		1	0	1
	PC3. Carry out own activities in line with approved guidelines and procedures		0.5	0	0.5
	PC4. Maintain a healthy lifestyle and guard against dependency on intoxicants		1	0	1
	PC5. Follow environment management system related procedures		6	5	1
	PC6. Identify and correct (if possible) malfunctions in machinery and equipment		0.5	0	0.5
	PC7. Report any service malfunctions that cannot be rectified		1	0	1
	PC8. Store materials and equipment in line with manufacturer's and organisational requirements		1	0	1
