Introduction

Qualification Pack - Pre-Assembly Operator

SECTOR: LEATHER

SUB SECTOR: Footwear

OCCUPATION: Pre-Assembly Operations

REFERENCE ID: LSS/Q2601

ALIGNED TO: NCO-2004/8266.68

A Pre-Assembly Operator is an important job-role associated with the Footwear sector. With the growing demand for skills, the importance of a multi-skilled operator with knowledge and skills in multiple operations will be in great demand.

Brief Job Description: The primary responsibility of a Pre-Assembly Operator is multi skilled and performs the following operations: splitting, gimping, ironing, marking, edge coloring, pasting, folding and eyeleting. He/ She should be well versed with the sequential processes involved in footwear manufacturing. He/she should understand the importance of the quality within the footwear manufacturing processes and ensure set standards are achieved within the work area.

Personal Attributes: A Pre- Assembly Upper making operator should be willing to learn new roles and responsibilities within the factory. The individual should have an eye for detail and an interest in footwear manufacturing. He/ She should be able to pick up new methods/ process and be willing to learn work with people.

Job Role	Pre-Assembly Operator
Role Description	The primary responsibility of a Pre Assembly Operator is multi skilled and performs the following operations: splitting, gimping, ironing, marking, edge coloring, pasting, folding and eyeletting. He/ She should be well versed with the sequential processes involved in footwear manufacturing.
NSQF level	4
Minimum Educational Qualifications*	Class V
Maximum Educational Qualifications*	N/A
Training (Suggested but not mandatory)	On-the-Job-Training
Minimum Job Entry Age	18 years
Experience	Prior experience as helper in footwear manufacturing for a minimum of 2-3 years
Applicable National Occupational Standards (NOS)	Compulsory 1. LSS/N2601 Carry out splitting operation in upper footwear 2. LSS/N2602 Carry out gimping operation 3. LSS/N2603 Carry out ironing operation 4. LSS/N2604 Carry out marking activities 5. LSS/N2605 Carry out edge colouring activities 6. LSS/N2606 Carry out pasting activities 7. LSS/N2607 Carry out hand folding activities 8. LSS/N2608 Carry out eyeletting operation 9. LSS/N2609 Support to achieving product quality in footwear manufacturing 10. LSS/N8501 Maintain the work area, tools and machines 11. LSS/N8601 Maintain health, safety and security at workplace 12. LSS/N8701 Comply with industry, regulatory and organizational requirements Optional: N.A.

Performance Criteria

As described in the relevant OS units

Definition

Keywords /Terms	Description
Sector	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Vertical	Vertical may exist within a sub-sector representing different domain areas or the client industries served by the industry.
Occupation	Occupation is a set of job roles, which perform similar/related set of functions in an industry.
Function	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.
Sub-functions	Sub-functions are sub-activities essential to fulfil achieving the objectives of the function.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding; he/she needs to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria	Performance Criteria are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are Occupational Standards which apply uniquely in the Indian context.
Qualifications Pack Code	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.
Qualifications Pack(QP)	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
Unit Code	Unit Code is a unique identifier for an Occupational Standard, which is denoted by an 'N'.
Unit Title	Unit Title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to find the required one.
Scope	Scope is the set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on the quality of required performance.
Knowledge and Understanding	Knowledge and Understanding are statements which together specify the technical, generic, professional and organizational specific knowledge that

	an individual needs in order to perform up to the required standard.

Acronyms	Keywords /Terms	Description
	OS	Occupational Standard(s)
	NOS	National Occupational Standard(s)
	QP	Qualifications Pack
	NSQF	National Skill Qualifications Framework
	TBD	To Be Determined

LSS/N2601

Carry out splitting operation in upper footwear

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Ability for carrying out splitting operations within upper making footwear manufacturing processes.

National Occupational Standards

LSS/N2601

Carry out splitting operation in upper footwear

National Occupational Standard

Unit Code	LSS/N2601
Unit Title (Task)	Carry out splitting operation in upper footwear
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Ability for carrying out splitting operations within upper making footwear manufacturing processes.
Scope	This unit/task covers the following: • Preparatory Work • Splitting Operation • Splitting Operation • Sorting & Placing
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Preparatory Work	To be competent, the user/individual on the job must be able to: PC1. Follow the instructions on the work ticket/ job card PC2. Make sure that the work area is free from hazards PC3. Carry out checks on the materials used to ensure they meet the specification matching • Within a product • Between a pair of products where applicable PC4. Agree and review agreed upon work targets with the supervisor PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets PC6. Report any damaged work to the concerned person responsible PC7. Ask questions to obtain more information on tasks when the instructions are unclear
Splitting Operation	PC8. Sort the uppers from the clicking section as per the specifications in the job card PC9. Count and validate the number of uppers are as per the job card PC10. Keep the machines and materials ready for splitting PC11. Place the upper component on the splitting machine for splitting it into the required thickness PC12. Check the uppers after splitting for the correct thickness
Sorting & Placing	PC13. Sort and place work to assist the next stage of production PC14. Keep work area clean , safe and secure after use
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. The organization's procedures and guidelines related to footwear manufacturing processes KA2. Work target and review mechanism with the supervisor for obtaining/ giving feedback related to performance KA3. The different components of footwear KA4. Storage and assembly areas for different processes in upper making KA5. The various machinery and equipments handled

National Occupational Standards

LSS/N2601

Carry out splitting operation in upper footwear

B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. The different characteristics and properties of leather KB2. Concept of leather thickness KB3. Splitting process and its implication KB4. Handling and operating splitting machine KB5. The importance of accuracy and quality in the splitting process KB6. Common faults in tools and equipment and implications of working with faulty equipments KB7. Manufacturers' instructions KB8. The quality parameters to be checked as per the job card
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Write in English/local language as applicable SA2. Fill up appropriate technical forms, process charts, activity logs in the prescribed format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA3. Read and comprehend basic English/local language as applicable SA4. Read and understand manuals, health and safety instructions, memos, reports, job cards etc
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to: SA5. Listen actively SA6. Communicate effectively with supervisors, managers, etc
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to: SB1. Analyse the defects and the procedure for dealing with it SB2. Take appropriate actions in terms of any deviations from the process
	Plan and Organize
	The user/ individual on the job needs to know and understand how to: SB3. Plan and set the targets along with the supervisors and the co workers SB4. Organize tools and equipments to be used SB5. Plan work according to the required schedule and location
	Customer Centricity
	The user/ individual on the job needs to know and understand how to: SB6. Ensure splitting operation is as per customer standards SB7. Evaluate and ensure delivery of products as per customers' specifications
	Problem Solving
	The user/ individual on the job needs to know and understand how to: SB8. Identify possible defects with the products SB9. Review the defects and take appropriate actions to rectify

National Occupational Standards

LSS/N2606

Carry out pasting activities

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to perform pasting activities within upper making footwear manufacturing processes.

LSS/N2606

Carry out pasting activities

National Occupational Standard

Unit Code	LSS/N2606
Unit Title (Task)	Carry out pasting activities
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to perform pasting activities within upper making footwear manufacturing processes.
Scope	This unit/task covers the following: • Preparatory Work • Carry out Folding Activities • Sorting & Placing
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Preparatory Work	To be competent, the user/individual on the job must be able to: PC1. Follow the instructions on the work ticket/ job card PC2. Make sure that the work area is free from hazards PC3. Support the operator in checking the materials used meet the specification matching • within a product • between a pair of products where applicable PC4. Agree and review agreed upon work targets with the supervisor PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets PC6. Report any damaged work to the concerned person responsible PC7. Ask questions to obtain more information on tasks when the instructions are unclear
Carry out Pasting Activities	PC8. Sort the upper components as per the specifications in the job card PC9. Count and validate the number of upper components are as per the job card PC10. Keep the tools and materials ready for pasting PC11. Apply the adhesives onto the skived edges of the upper components and the required joining area PC12. Leave the pasted components for drying at room temperature PC13. Check the uppers after drying for any adhesive spillage
Sorting & Placing	PC14. Sort and place work to assist the next stage of production PC15. Keep work area clean, safe and secure after use
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. The organization's procedures and guidelines related to footwear manufacturing processes KA2. Work target and review mechanism with the supervisor for obtaining/ giving feedback related to performance KA3. Process for offering/ obtaining work related assistance in case of queries on procedure or products KA4. The different components of footwear KA5. Sequential processes for footwear manufacturing KA6. Storage and assembly areas for different processes in upper making

LSS/N2606

Carry out pasting activities

	KA7. The various machinery and equipments handled KA8. Documentation related to the manufacturing processes and protocol for recording KA9. Location and process for storage and disposal of waste
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. The different leather components KB2. The properties of temporary adhesives KB3. The importance of proper and accurate application of adhesives KB4. Common errors and how to avoid them KB5. Manufacturers' instructions KB6. The quality parameters to be checked as per the job card
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Write in English/local language as applicable SA2. Fill up appropriate technical forms, process charts, activity logs in the prescribed format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA3. Read and comprehend basic English/local language as applicable SA4. Read and understand manuals, health and safety instructions, memos, reports, job cards etc
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to: SA5. Listen actively SA6. Communicate effectively with supervisors, managers, etc
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to: SB1. Analyse the defects and the procedure for dealing with it SB2. Take appropriate actions in terms of any deviations from the process
	Plan and Organize
	The user/ individual on the job needs to know and understand how to: SB3. Plan and set the targets along with the supervisors and the co workers SB4. Organize tools and equipments to be used SB5. Plan work according to the required schedule and location
	Customer Centricity
	The user/ individual on the job needs to know and understand how to: SB6. Ensure pasting activities is as per customer standards SB7. Evaluate and ensure delivery of products as per customers' specifications
	Problem Solving
	The user/ individual on the job needs to know and understand how to: SB8. Identify possible defects with the products SB9. Review the defects and take appropriate actions to rectify

LSS/N2606

Carry out pasting activities

	SB10. Report to the authority if problems cannot be rectified
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB11. Diagnose common problems in the machine based on visual inspection
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB12. Assess and control the quality standards of the product as per customer standards

LSS/N2606

Carry out pasting activities

NOS Version Control

LSS/N2607

Carry out hand folding activities

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to perform hand folding activities within upper making footwear manufacturing processes.

LSS/N2607
Carry out hand folding activities

National Occupational Standard

Unit Code	LSS/N2607
Unit Title (Task)	Carry out hand folding activities
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to perform hand folding activities within upper making footwear manufacturing processes.
Scope	This unit/task covers the following: • Preparatory Work • Carry out Eyeletting Operations • Sorting & Placing
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Preparatory Work	To be competent, the user/individual on the job must be able to: - PC1. Follow the instructions on the work ticket/ job card - PC2. Make sure that the work area is free from hazards - PC3. Support the operator in checking the materials used meet the specification matching • within a product • between a pair of products where applicable - PC4. Agree and review agreed upon work targets with the supervisor - PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets - PC6. Report any damaged work to the concerned person responsible - PC7. Ask questions to obtain more information on tasks when the instructions are unclear - PC8. Anticipate and respond to requests for assistance from colleagues willingly and politely - PC9. Update & develop knowledge of the products, check with others when unsure of new product details
Carry out hand folding activities	- PC10. Sort the pasted uppers as per the job card - PC11. Fold the upper components to exactly match the basic pattern using the awl and beading hammer - PC12. Check the folded components adhere to quality standards
Sorting & Placing	- PC13. Sort and place work to assist the next stage of production - PC14. Keep work area clean, safe and secure after use
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: - KA1. The organization's procedures and guidelines related to footwear manufacturing processes - KA2. LSS/N2609 Support to achieving product quality in footwear manufacturing

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to monitor the quality of the production while undertaking pre assembly operations to ensure products meet specifications.

LSS/N2609 Support to achieving product quality in footwear manufacturing

National Occupational Standard

Unit Code	LSS/N2609
Unit Title (Task)	Support to achieving product quality in footwear manufacturing
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to monitor the quality of the production while undertaking pre assembly operations to ensure products meet specifications.
Scope	This unit/task covers the following: Contribute to achieving the product quality
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Contribute to achieving the product quality	To be competent, the user/individual on the job must be able to: PC1. Ensure materials and component parts meet specifications PC2. Ensure the quality of the product meets specification during production PC3. Maintain the required productivity and quality levels PC4. Carry out quality checks at agreed intervals and in the approved way PC5. Count and verify the number of uppers are as per job card at the start and end of every stage in the processes PC6. Sort the components as per the job card after each process before passing it to the next stage of production PC7. Ensure that the quality and appearance of the uppers are not affected during materials movement PC8. Report and replace faulty materials and component parts which do not meet specification with the operator's approval PC9. Maintain the continuity of production with minimum interruptions and downtime PC10. Identify faults and irregularities in equipment and machinery and report to the superior PC11. Ensure minimum wastage and their proper disposal PC12. Ensure the components are split as per the thickness specified in the job card PC13. Ensure the gimped uppers conform to the curves as specified in the job card PC14. Ensure that the ironing is done properly and there are no pleats/wrinkles PC15. Correctly mark the uppers as per the design specified PC16. Ensure the edge color is done correctly and smoothly and should be matching exactly to the concerned uppers PC17. Paste the uppers carefully without any spillage/damage PC18. Ensure the folding is done exactly as per the basic design PC19. Ensure the eyeletting is done at the proper position as specified in the job card
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company /	The user/individual on the job needs to know and understand: KA1. The companies quality standards KA2. The importance of complying with written instructions KA3. Types of problems with quality and how to report them to

Maintain the work area, tools and machines

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills Ability for carrying out splitting operations within upper making footwear manufacturing processes.

LSS/N8501
Maintain the work area, tools and machines

National Occupational Standard

Unit Code	LSS/N8501
Unit Title (Task)	Maintain the work area, tools and machines
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills Ability for carrying out splitting operations within upper making footwear manufacturing processes.
Scope	Maintenance of work area, tools and machines
Element	
Maintenance of work area, tools and machines	PC1. Handle materials, machinery, equipment and tools safely and correctly PC2. Use correct lifting and handling procedures PC3. Use materials to minimize waste PC4. Prepare and organize work PC5. Maintain a clean and hazard free working area PC6. Deal with work interruptions PC7. Move around the workplace with care PC8. Maintain tools and equipment PC9. Carry out running maintenance within agreed schedules PC10. Carry out maintenance and/or cleaning outside responsibility PC11. Report unsafe equipment and other dangerous occurrences PC12. Ensure that the correct machine guards are in place PC13. Work in a comfortable position with the correct posture PC14. Use cleaning equipment and methods appropriate for the work to be carried out PC15. Dispose of waste safely in the designated location PC16. Store cleaning equipment safely after use PC17. Complete and store accurate records and documentation PC18. Maintain proper lighting, ventilation to make sure general comfort is there while working PC19. Give inputs and assist in completing documentation PC20. Report the need for maintenance and/or cleaning outside your area of responsibility PC21. Ensure safe and correct handling of materials, equipment and tools PC22. Maintain appropriate environment to protect stock from pilfering, theft, damage and deterioration
A. Organizational Context (Knowledge of the company / organization and its processes)	KA1. Personal hygiene and duty of care KA2. Safe working practices and organizational procedures KA3. Limits of one's own responsibility KA4. Ways of resolving with problems within the work area KA5. The production process and the specific work activities that relate to the whole process KA6. The lines of communication, authority and reporting procedures KA7. The organization's rules, codes and guidelines (including timekeeping) KA8. The companies quality standards KA9. The types of records kept, how are they completed and the importance

LSS/N8501

Maintain the work area, tools and machines

	of keeping them accurate KA10. The importance of complying with written instructions KA11. Equipment operating procedures / manufacturer's instructions KA12. Statutory responsibilities under Health, Safety and Environmental legislation and regulations KA13. The quality standards and processes followed by the organization relevant to your role KA14. Documentation required for reporting
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Work instructions and specifications and interpret them accurately KB2. Method to make use of the information detailed in specifications and instructions KB3. Relation between work role and the overall manufacturing process KB4. The importance of good time keeping and attendance KB5. The importance of minimized production costs KB6. The importance of taking action when problems are identified KB7. Different ways of minimizing waste KB8. The importance of running maintenance and regular cleaning KB9. Effects of contamination on products i.e. Machine oil, dirt KB10. Common faults with equipment and the method to rectify KB11. Maintenance procedures and manufacturer's instructions KB12. Hazards likely to be encountered when conducting routine maintenance KB13. Different types of cleaning equipment and substances and their use KB14. Safe working practices for cleaning and the method of carrying them out KB15. The production process and the specific work activities that relate to the whole process
Skills (S)	
C. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Write and document appropriate technical forms, job cards, inspection sheets as required format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA2. Read and comprehend basic English to read and interpret indicators in the machine and operating manuals, job cards, visual cards, SA3. Read and understand manuals, health and safety instructions, memos, reports, job cards etc.
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to: SA4. Speak and communicate effectively to peers and supervisors SA5. Give clear instructions to co-workers, subordinates others SA6. Use correct technical term while interacting with supervisor
D. Professional Skills	Decision Making

LSS/N8501

Maintain the work area, tools and machines

	The user/ individual on the job needs to know and understand how to: SB1. Take appropriate decisions regarding to responsibilities SB2. Assess for any damage/faulty component in the concerned machinery and take action accordingly SB3. Evaluate the decision and conduct basic trouble shooting
	Plan and Organize
	The user/ individual on the job needs to know and understand how to: SB4. Plan and manage work routine based on company procedure SB5. Work with supervisors/ team mates to carry out work related tasks SB6. Plan for cleaning and lubricating the concerned machinery daily SB7. Plan for cleaning the concerned tools and workplace daily before and after operations
	Customer Centricity
	The user/ individual on the job needs to know and understand how to: SB8. Ensure and follow organizational procedures pertaining to health and safety are followed
	Problem Solving
	The user/ individual on the job needs to know and understand how to: SB9. Solve operational role related issues
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to: SB10. Diagnose common problems in the machine based on visual inspection, sound, temperature etc
	Critical Thinking
	The user/ individual on the job needs to know and understand how to: SB11. Analyse, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

LSS/N8601

Maintain health, safety and security at workplace

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimize risk to self and others.

LSS/N8601

Maintain health, safety and security at workplace

National Occupational Standard

Unit Code	LSS/N8601
Unit Title (Task)	Maintain health, safety and security at workplace
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required to comply with health, safety and security requirements at the workplace and covers procedures to prevent, control and minimize risk to self and others.
Scope	This unit/task covers the following: Compliance with health, safety and security requirements at work
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Compliance with health, safety and security requirements at work	To be competent, the user/individual on the job must be able to: PC1. Comply with health and safety related instructions applicable to the workplace PC2. Use and maintain personal protective equipment as per protocol PC3. Carry out own activities in line with approved guidelines and procedures PC4. Maintain a healthy lifestyle and guard against dependency on intoxicants PC5. Follow environment management system related procedures PC6. Identify and correct (if possible) malfunctions in machinery and equipment PC7. Report any service malfunctions that cannot be rectified PC8. Store materials and equipment in line with manufacturer's and organizational requirements PC9. Safely handle and move waste and debris PC10. Minimize health and safety risks to self and others due to own actions PC11. Seek clarifications, from supervisors or other authorized personnel in case of perceived risks PC12. Monitor the workplace and work processes for potential risks and threats PC13. Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned PC14. Report hazards and potential risks/ threats to supervisors or other authorized personnel PC15. Participate in mock drills/ evacuation procedures organized at the workplace PC16. Undertake first aid, fire-fighting and emergency response training, if asked to do so PC17. Take action based on instructions in the event of fire, emergencies or accidents PC18. Follow organization procedures for shutdown and evacuation when required
Knowledge and Understanding (K)	
C. Organizational Context	The user/individual on the job needs to know and understand: KA1. Health and safety related practices applicable at the workplace

LSS/N8601

Maintain health, safety and security at workplace

(Knowledge of the company / organization and its processes)	KA2. Potential hazards, risks and threats based on nature of operations KA3. Organizational procedures for safe handling of equipment and machine operations KA4. Potential risks due to own actions and methods to minimize these KA5. Environmental management system related procedures at the workplace KA6. Layout of the plant and details of emergency exits, escape routes, emergency equipment and assembly points KA7. Potential accidents and emergencies and response to these scenarios KA8. Reporting protocol and documentation required KA9. Details of personnel trained in first aid, fire-fighting and emergency response KA10. Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire
D. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Occupational health and safety risks KB2. Personal protective equipment and method of use KB3. Identification, handling and storage of hazardous substances KB4. Proper disposal system for waste and by-products KB5. Signage related to health and safety and their meaning KB6. Importance of sound health, hygiene and good habits KB7. Ill-effects of alcohol, tobacco and drugs
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Document and report any health and safety related incidents/ accidents
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA2. Read and comprehend manuals of operations SA3. Read all organizational and equipment related health and safety manuals and documents SA4. Read instructions, guidelines/procedures/rules related to the worksite and machine operations
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to: SA5. Give clear instructions to co-workers, subordinates and other personnel SA6. Use correct technical terms while interacting with supervisor
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to: SB1. Make an appropriate timely decision in responding to emergencies/accidents in line with organization SB2. Evaluate and use correct PPE and other safety gear while at the workplace
	Plan and Organize
	The user/ individual on the job needs to know and understand how to: SB3. Work with supervisors/ team mates to carry out work related tasks

LSS/N8601

Maintain health, safety and security at workplace

	SB4. Plan work according to the required schedule
	SB5. Keep work area free from potential hazards
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:
	SB6. Ensure and follow organizational procedures pertaining to health and safety are followed
	Problem Solving
	The user/ individual on the job needs to know and understand how to:
	SB7. Take appropriate actions during emergencies, accidents or fire at the workplace
	SB8. Resolve issues pertaining to malfunctions in machineries and report if required
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB9. Identify emergency situations
	SB10. Identify cause effect relationship for the emergencies
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB11. Analyse, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

LSS/N8701 Comply with industry, regulatory and organizational requirements

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required for complying with industry, regulatory and organizational requirements at the workplace.

LSS/N8701 Comply with industry, regulatory and organizational requirements

National Occupational Standard

Unit Code	LSS/N8701
Unit Title (Task)	Comply with industry, regulatory and organizational requirements
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities required for complying with industry, regulatory and organizational requirements at the workplace.
Scope	This unit/task covers the following: Compliance with industry, regulatory and organizational requirements
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Compliance with industry, regulatory and organizational requirements	To be competent, the user/individual on the job must be able to: PC1. Carry out work functions in accordance with legislation and regulations, organizational guidelines and procedures PC2. Seek and obtain clarifications on policies and procedures, from the supervisor or other authorized personnel PC3. Apply and follow these policies and procedures within the work practices PC4. Provide support to the supervisor and team members in enforcing these considerations PC5. Identify and report any possible deviation to these requirements
Knowledge and Understanding (K)	
C. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. The importance of having an ethical and value-based approach to governance KA2. Benefits to the company and oneself due to practice of these procedures KA3. Specific to the industry/sector, know and understand: - Legal, regulatory and ethical requirements - Procedures to follow if someone does not meet the requirements KA4. Customer specific requirements mandated as a part of the work process
D. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Country / customer specific regulations for the sector and their importance KB2. Reporting procedure in case of deviations KB3. Limits of personal responsibility
Skills (S)	
C. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to:
	SA1. Write and document appropriate technical forms, job cards, inspection sheets as required format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to:
	SA2. Read and comprehend the organizational documents pertaining to rules and procedures

LSS/N8701 Comply with industry, regulatory and organizational requirements

	SA3. Read and comprehend basic English to read and interpret indicators in the machine and operating manuals, job cards, visual cards, etc
	SA4. Read in the local language as applicable
	SA5. Read and understand manuals, health and safety instructions, memos, reports, job cards etc
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to:
	SA6. Positively influence the team members into following procedures
D. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to:
	SB1. Take appropriate decisions related to responsibilities
	Plan and Organize
	The user/ individual on the job needs to know and understand how to:
	SB2. Plan and manage work routine based on company procedure
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:
	SB3. Ensure and follow organizational procedures and policies
	Problem Solving
	The user/ individual on the job needs to know and understand how to:
	SB4. Evaluate and seek and obtain clarification from the superiors
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB5. Apply balanced judgement to different situations
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB6. Analyse, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

LSS/N8701 Comply with industry, regulatory and organizational requirements

CRITERIA FOR ASSESSMENT OF TRAINEES

Job Role Pre – Assembly Operator(Footwear)

Qualification Pack Code LSS/Q2601

Sector Skill Council Leather

Guidelines for Assessment:

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC
3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below)
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on these criteria
5. To pass the Qualification Pack, every trainee should score a minimum of 50% aggregate
6. In case of successfully passing only certain number of NOS's, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack

NOS	PC	Marks Allocation			
		Total Mark	Out Of	Theory	Skills Practical
1. LSS/N2601 (Carry out splitting operation in upper footwear)	PC1. Follow the instructions on the work ticket/ job card	50	9	7	2
	PC2. Make sure that the work area is free from hazards		2	0	2
	PC3. Carry out checks on the materials used to ensure they meet the specification matching • Within a product • Between a pair of products where applicable		2	0	2
	PC4. Agree and review agreed upon work targets with the supervisor		2	0	2
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets		3	0	3
	PC6. Report any damaged work to the concerned person responsible		2	0	2
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		2	0	2
	PC8. Sort the uppers from the clicking section as		3	0	3

	per the specifications in the job card	Total			
	PC9. Count and validate the number of uppers are as per the job card		3	0	3
	PC10. Keep the machines and materials ready for splitting		3	0	3
	PC11. Place the upper component on the splitting machine for splitting it into the required thickness		11	8	3
	PC12. Check the uppers after splitting for the correct thickness		3	0	3
	PC13. Sort and place work to assist the next stage of production		2	0	2
	PC14.Keep work area clean , safe and secure after use		3	0	3
		Total	50	15	35
2.LSS/N2602 (Carry out gimping operation)	PC1. Follow the instructions on the work ticket/ job card	50	3	0	3
	PC2. Make sure that the work area is free from hazards		2	0	2
	PC3. Carry out checks to ensure that the materials used meet the specification matching • Within a product • Between a pair of products where applicable		3	0	3
	PC4. Agree and review agreed upon work targets with the supervisor		2	0	2
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets		9	7	2
	PC6. Report any damaged work to the concerned person responsible		1	0	1
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		1	0	1
	PC8. Sort the uppers from the splitting section as per the specifications in the job card		2	0	2
	PC9. Count and validate the number of upper components/vamp are as per the job card		3	0	3
	PC10. Keep the machines and materials ready for gimping		3	0	3
	PC11. Place the upper component/vamp on the gimping machine to get the required shape as per the job card		11	8	3
	PC12. Check the uppers after gimping for the correct shape		2	0	2
	PC13. Sort and place work to assist the next stage of production		3	0	3

	PC14.Keep work area clean, safe and secure after use		5	0	5
		Total	50	15	35
3.LSS/N2603 (Carry out ironing operation)	PC1. Follow the instructions on the work ticket/ job card	50	1	0	1
	PC2. Make sure that the work area is free from hazards		9	8	1
	PC3. Support the operator in checking the materials used meet the specification matching • within a product • between a pair of products where applicable		1	0	1
	PC4. Agree and review agreed upon work targets with the supervisor		1	0	1
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets		8	7	1
	PC6. Report any damaged work to the responsible person		1	0	1
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		1	0	1
	PC8. Sort the splitted uppers from the splitting/skiving section as per the specifications in the job card		3	0	3
	PC9. Count and validate the number of splitted uppers are as per the job card		5	0	5
	PC10. Keep the machines and materials ready for ironing activity		5	0	5
	PC11. Place the upper component and the reinforcement material onto the ironing machine for ironing and setting		5	0	5
	PC12. Check the uppers after ironing for quality standards		4	0	4
	PC13. Sort and place work to assist the next stage of production		5	0	5
	PC14.Keep work area clean, safe and secure after use		1	0	1
		Total	50	15	35
4.LSS/N2604(Carry out marking activities)	PC1. Follow the instructions on the work ticket/ job card	50	2	0	2
	PC2. Make sure that the work area is free from hazards		3	0	3
	PC3. Support the operator in checking the materials used meet the specification matching • Within a product • Between a pair of products where		10	8	2

	applicable				
	PC4. Agree and review agreed upon work targets with the supervisor		3	0	3
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets		3	0	3
	PC6. Report any damaged work to the responsible person		3	0	3
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		2	0	2
	PC8. Sort the uppers from the designing section as per the specifications in the job card		12	7	5
	PC9. Count and validate the number of uppers are as per the job card		3	0	3
	PC10. Keep the tools and materials ready for marking		5	0	5
	PC11. Mark the upper component as per the designs specified by the designing section		3	0	3
	PC12. Check the uppers after splitting for the correct thickness		1	0	1
		Total	50	15	35
5.LSS/N2605(Carry out edge colouring activities)	PC1. Follow the instructions on the work ticket/ job card	50	1	0	1
	PC2. Make sure that the work area is free from hazards		2	0	2
	PC3. Support the operator in checking the materials used meet the specification matching • Within a product • Between a pair of products where applicable		3	0	3
	PC4. Agree and review agreed upon work targets with the supervisor		3	0	3
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets		3	0	3
	PC6. Report any damaged work to the concerned person responsible		10	7	3
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		3	0	3
	PC8. Sort the upper from as per the specifications in the job card		2	0	2
	PC9. Count and validate the number of uppers are as per the job card		1	0	1
	PC10. Keep the tools and materials ready for edge coloring		3	0	3
	PC11. Paint the raw edges with brush to match		11	8	3

	the exact color of the upper components				
	PC12. Check the edges are uniformly colored and match the specifications as in the job card		3	0	3
	PC13. Sort and place work to assist the next stage of production		3	0	3
	PC14.Keep work area clean, safe and secure after use		2	0	2
		Total	50	15	35
6.LSS/N2606(Carry out pasting activities)	PC1. Follow the instructions on the work ticket/ job card	50	1	0	1
	PC2. Make sure that the work area is free from hazards		1	0	1
	PC3. Support the operator in checking the materials used meet the specification matching • Within a product • Between a pair of products where applicable		1	0	1
	PC4. Agree and review agreed upon work targets with the supervisor		1	0	1
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets		9	7	2
	PC6. Report any damaged work to the concerned person responsible		2	0	2
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		2	0	2
	PC8. Sort the upper components as per the specifications in the job card		2	0	2
	PC9. Count and validate the number of upper components are as per the job card		2	0	2
	PC10. Keep the tools and materials ready for pasting		1	0	1
	PC11. Apply the adhesives onto the skived edges of the upper components and the required joining area		2	0	2
	PC12. Leave the pasted components for drying at room temperature		13	8	5
	PC13. Check the uppers after drying for any adhesive spillage		5	0	5
	PC14. Sort and place work to assist the next stage of production		5	0	5
	PC15.Keep work area clean, safe and secure after use		3	0	3
		Total	50	15	35
7.LSS/N2607(Carry out hand folding activities)	PC1. Follow the instructions on the work ticket/ job card	50	3	0	3

	PC2. Make sure that the work area is free from hazards		3	0	3
	PC3. Support the operator in checking the materials used meet the specification matching - within a product - between a pair of products where applicable		3	0	3
	PC4. Agree and review agreed upon work targets with the supervisor		10	7	3
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains work flow and meets production targets		2	0	2
	PC6. Report any damaged work to the concerned person responsible		3	0	3
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		3	0	3
	PC8. Anticipate and respond to requests for assistance from colleagues willingly and politely		3	0	3
	PC9. Update & develop knowledge of the products, check with others when unsure of new product details		10	8	2
	PC10. Sort the pasted uppers as per the job card		2	0	2
	PC11. Fold the upper components to exactly match the basic pattern using the awl and beading hammer		2	0	2
	PC12. Check the folded components adhere to quality standards		2	0	2
	PC13. Sort and place work to assist the next stage of production		2	0	2
	PC14.Keep work area clean, safe and secure after use		2	0	2
		Total	50	15	35
8.LSS/N2608(Carry out eyeletting operation)	PC1. Follow the instructions on the work ticket/ job card	50	1	0	1
	PC2. Make sure that the work area is free from hazards		1	0	1
	PC3. Support the operator in checking the materials used meet the specification matching - within a product - between a pair of products where applicable		3	0	3
	PC4. Agree and review agreed upon work targets with the supervisor		1	0	1
	PC5. Assist in carrying out foundation footwear operations safely and at a rate which maintains		9	8	1

	work flow and meets production targets				
	PC6. Report any damaged work to the responsible person		1	0	1
	PC7. Ask questions to obtain more information on tasks when the instructions are unclear		1	0	1
	PC8. Sort the stitched uppers as per the job card specifications		1	0	1
	PC9. Place the stitched upper on the eyeletting machine positioned at the exact point mentioned in the job card to do the eyeletting		12	7	5
	PC10. Check to see the correct number of eyelets are inserted properly		5	0	5
	PC11. Sort and check the adherence to quality standards		5	0	5
	PC12. Sort and place work to assist the next stage of production		5	0	5
	PC13. Keep the tools and workplace tidy		5	0	5
			Total	50	15
9.LSS/N2609(Support to achieving product quality in footwear manufacturing)	PC1. Ensure materials and component parts meet specifications	50	1	0	1
	PC2. Ensure the quality of the product meets specification during production		6.5	6	0.5
	PC3. Maintain the required productivity and quality levels		0.5	0	0.5
	PC4. Carry out quality checks at agreed intervals and in the approved way		7.5	7	0.5
	PC5. Count and verify the number of uppers are as per job card at the start and end of every stage in the processes		0.5	0	0.5
	PC6. Sort the components as per the job card after each process before passing it to the next stage of production		0.5	0	0.5
	PC7. Ensure that the quality and appearance of the uppers are not affected during materials movement		0.5	0	0.5
	PC8. Report and replace faulty materials and component parts which do not meet specification with the operator’s approval		1	0	1
	PC9. Maintain the continuity of production with minimum interruptions and downtime		9	8	1
	PC10. Identify faults and irregularities in equipment and machinery and report to the superior		1	0	1
	PC11. Ensure minimum wastage and their proper		8	7	1

	disposal				
	PC12. Ensure the components are split as per the thickness specified in the job card		1	0	1
	PC13. Ensure the gimped uppers conform to the curves as specified in the job card		1	0	1
	PC14. Ensure that the ironing is done properly and there are no pleats/wrinkles		0.5	0	0.5
	PC15. Correctly mark the uppers as per the design specified		1	0	1
	PC16. Ensure the edge color is done correctly and smoothly and should be matching exactly to the concerned uppers		8	7	1
	PC17. Paste the uppers carefully without any spillage/damage		1	0	1
	PC18. Ensure the folding is done exactly as per the basic design		1	0	1
	PC19. Ensure the eyeletting is done at the proper position as specified in the job card		0.5	0	0.5
			Total	50	35
10.LSS/N8501(Maintain the work area, tools and machines)	PC1. Handle materials, machinery, equipment and tools safely and correctly	50	4	0	4
	PC2.Use correct lifting and handling procedures		2	0	2
	PC3.Use materials to minimize waste		1	0	1
	PC4.Prepare and organize work		2	0	2
	PC5. Maintain a clean and hazard free working area		2	0	2
	PC6.Deal with work interruptions		8	7	1
	PC7.Move around the workplace with care		1	0	1
	PC8.Maintain tools and equipment		1	0	1
	PC9.Carry out running maintenance within agreed schedules		1	0	1
	PC10.Carry out maintenance and/or cleaning outside responsibility		2	0	2
	PC11.Report unsafe equipment and other dangerous occurrences		9	8	1
	PC12.Ensure that the correct machine guards are in place		1	0	1
	PC13.Work in a comfortable position with the correct posture		1	0	1
	PC14.Use cleaning equipment and methods appropriate for the work to be carried out		1	0	1
	PC15.Dispose of waste safely in the designated location		2	0	2
	PC16.Store cleaning equipment safely after use		1	0	1

	PC17.Complete and store accurate records and documentation		3	0	3
	PC18.Maintain proper lighting, ventilation to make sure general comfort is there while working		2	0	2
	PC19.Give inputs and assist in completing documentation		1	0	1
	PC20.Report the need for maintenance and/or cleaning outside your area of responsibility		2	0	2
	PC21. Ensure safe and correct handling of materials, equipment and tools		1	0	1
	PC22.Maintain appropriate environment to protect stock from pilfering, theft, damage and deterioration		2	0	2
		Total	50	15	35
11.LSS/N8601(Maintain health, safety and security at workplace)	PC1. Comply with health and safety related instructions applicable to the workplace	25	11	10	1
	PC2. Use and maintain personal protective equipment as per protocol		1	0	1
	PC3. Carry out own activities in line with approved guidelines and procedures		1	0	1
	PC4. Maintain a healthy lifestyle and guard against dependency on intoxicants		1	0	1
	PC5. Follow environment management system related procedures		1	0	1
	PC6. Identify and correct (if possible) malfunctions in machinery and equipment		1	0	1
	PC7. Report any service malfunctions that cannot be rectified		1	0	1
	PC8. Store materials and equipment in line with manufacturer's and organisational requirements		0.5	0	0.5
	PC9. Safely handle and move waste and debris		1	0	1
	PC10. Minimize health and safety risks to self and others due to own actions		0.5	0	0.5
	PC11. Seek clarifications, from supervisors or other authorized personnel in case of perceived risks		1	0	1
	PC12. Monitor the workplace and work processes for potential risks and threats		0.5	0	0.5
	PC13. Carry out periodic walk-through to keep work area free from hazards and obstructions, if assigned		1	0	1
	PC14. Report hazards and potential risks/ threats to supervisors or other authorized personnel		0.5	0	0.5
	PC15. Participate in mock drills/ evacuation procedures organized at the workplace		0.5	0	0.5

	PC16. Undertake first aid, fire-fighting and emergency response training, if asked to do so		1	0	1
	PC17. Take action based on instructions in the event of fire, emergencies or accidents		0.5	0	0.5
	PC18. Follow organization procedures for shutdown and evacuation when required		1	0	1
		Total	25	10	15
12.LSS/N8701(Comply with industry, regulatory and organizational requirements)	PC1. Carry out work functions in accordance with legislation and regulations, organizational guidelines and procedures	25	13	10	3
	PC2. Seek and obtain clarifications on policies and procedures, from your supervisor or other authorized personnel		3	0	3
	PC3. Apply and follow these policies and procedures within your work practices		3	0	3
	PC4. Provide support to your supervisor and team members in enforcing these considerations		3	0	3
	PC5. Identify and report any possible deviation to these requirements		3	0	3
		Total	25	10	15
