

QUALIFICATION PACK – OCCUPATIONAL STANDARD FOR LEATHER SECTOR

What are Occupational Standards(OS)?

- OS describe what individuals need to do, know and understand in order to carry out a particular job role or function
- OS are performance standards that individuals must achieve when carrying out functions in the workplace, together with specifications of the underpinning knowledge and understanding

Introduction

Qualification Pack - Buffing Operator

SECTOR: LEATHER

SUB SECTOR: Finished Leather

OCCUPATION: Buffing

REFERENCE ID: LSS /Q0801

ALIGNED TO: NCO-2004/8265.45

A Buffing Operator is an important job-role associated with the Finished Leather sector to add value in leather production. In mechanical finishing processes buffing operator or buffer plays an important role by abrading the leather surface to provide a particular texture to leather based on client's specification.

Brief Job Description: A Buffing Operator performs the process of removing the grain on the leather by abrasion. More particularly he/ she removes the flesh side of the leather by mechanical abrasion to produce a suede effect, or to reduce the substance. The process is also known as "snuffing", if removal is on the grain side of the leather. The aim of the buffing/ snuffing operation is to improve the uniformity of the grain appearance.

Personal Attributes: Buffing Operator should have good hand-eye co-ordination, judgment in positioning and buffing, motor skills and vision (including near vision, distance vision, colour vision, peripheral vision), depth perception and ability to change focus. Also should have basic estimation and numerical skills.

Job Role	Buffing Operator
Role Description	A Buffing Operator performs the process of removing the grain on the leather by abrasion. More particularly he/ she remove the flesh side of the leather by mechanical abrasion to produce a suede effect, or to reduce the substance. The process is also known as “snuffing”, if removal is on the grain side of the leather. The aim of the buffing/ snuffing operation is to improve the uniformity of the grain appearance.
NSQF level	4
Minimum Educational Qualifications*	Class V
Maximum Educational Qualifications*	N /A
Training (Suggested but not mandatory)	On-the-Job-Training
Minimum Job Entry Age	18 years
Experience	Prior experience as helper in finished leather operations for a minimum of 2-3 years preferred
Applicable National Occupational Standards (NOS)	Compulsory 1. LSS/N0801 Carry out buffing and snuffing operations 2. LSS/N0802 Carry out dusting operations 3. LSS/N0803 Contribute to achieving product quality in buffing operations 4. LSS/N8501 Maintain the work area, tools and machines 5. LSS/N8601 Maintain health, safety and security at workplace 6. LSS/N8701 Comply with industry, regulatory and organizational requirements Optional: N.A.
Performance Criteria	As described in the relevant OS units

Definition

Keywords /Terms	Description
Sector	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Vertical	Vertical may exist within a sub-sector representing different domain areas or the client industries served by the industry.
Occupation	Occupation is a set of job roles, which perform similar/related set of functions in an industry.
Function	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.
Sub-functions	Sub-functions are sub-activities essential to fulfil achieving the objectives of the function.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding; he/she needs to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria	Performance Criteria are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are Occupational Standards which apply uniquely in the Indian context.
Qualifications Pack Code	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.
Qualifications Pack(QP)	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
Unit Code	Unit Code is a unique identifier for an Occupational Standard, which is denoted by an 'N'.
Unit Title	Unit Title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to find the required one.
Scope	Scope is the set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on the quality of required performance.
Knowledge and Understanding	Knowledge and Understanding are statements which together specify the technical, generic, professional and organizational specific knowledge that an individual needs in order to perform up to the required standard.

Carry out buffing and snuffing operations

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities for carrying out buffing and snuffing operations in preparing finished leather.

LSS/N0801
Carry out buffing and snuffing operations

Unit Code	LSS/N0801
Unit Title (Task)	Carry out buffing and snuffing operations
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities for carrying out buffing and snuffing operations in preparing finished leather.
Scope	This unit/task covers the following: • Preparatory work • Buffing / snuffing operation • Reporting & Documentation • Sorting & Placing
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Preparatory Work	To be competent, the user/individual on the job must be able to: PC1. Make sure the work area is free from hazards PC2. Obtain and check the data on the work ticket or job card PC3. Calculate the number of components needed for production PC4. Select and sort the materials for the work PC5. Set up the equipment PC6. Make sure that tools are safe, sharp enough and clean to use on the material PC7. Ensure that the materials to be used are free from faults PC8. Work as per legal requirements, standards and regulations, policies, procedures and professional codes PC9. Ask questions to obtain more information on tasks when the instructions you have are unclear PC10. Agree and review agreed upon work targets with your supervisor
Buffing / snuffing operation	PC11. Set up the emery paper in the buffing machine whenever required PC12. Feed hide/skin into the buffing machine without any folds PC13. Ensure no emery marks are left on the substance PC14. Repeat process as per requirement PC15. Leave work area safe and secure when work is complete PC16. Help the mechanic repairing faults in the machines PC17. Process component parts to the quality standard required
Reporting & Documentation	PC18. Report any damaged work to the responsible person PC19. Follow company reporting procedures about defective tools and machines which affect work PC20. Comply with written instructions PC21. Complete forms, records and other documentation
Sorting & Placing	PC22. Sort and place work to assist the next stage of production and minimise the risk of damage PC23. Leave work area safe and secure when work is complete
Knowledge and Understanding (K)	

LSS/N0801

Carry out buffing and snuffing operations

A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. Details of the various job roles, responsibilities and processes for operating equipments, obtaining information on work related task etc KA2. The organization's rules, codes, guidelines and standards KA3. Statutory responsibilities under health, safety and environmental legislation and regulations KA4. Work target/ review mechanism with your supervisor for obtaining/ giving feedback related to performance KA5. Common hazards in the work area and workplace procedures for dealing with them KA6. Importance of team work and harmonious working relationships KA7. Contact person in case of queries on procedure or products KA8. Method to handle tools and equipment safely and the health and safety implications of not doing so
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. Reading, writing and understanding numbers KB2. Identify the side of leather that should be fed in while buffing or snuffing KB3. Identification of the common faults KB4. Method to handle hides and materials and avoid making them unusable KB5. Total number of emery paper required for buffing KB6. Number of pieces that can be buffed by one emery paper KB7. Equipment operating procedures KB8. Common faults in tools and equipment and implications of working with faulty equipment KB9. Method of sharing domain related information with team members KB10. Identification of tools, equipment and settings needed for the operation KB11. Interpretation of body language (both positive and negative) KB12. Sources of updates on footwear and related areas KB12. Manufacturers' instructions
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Write in English/ local language as applicable SA2. Fill up appropriate technical forms, process charts, activity logs in the prescribed format of the company
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA3. Read and comprehend basic English/local language as applicable SA4. Read and understand manuals, health and safety instructions, memos, reports, job cards etc.
	Oral Communication (Listening and Speaking Skills)
The user/ individual on the job needs to know and understand how to:	

LSS/N0801

Carry out buffing and snuffing operations

	SA5. Listen actively SA6. Communicate effectively with supervisors, managers, etc.
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to:
	SB1. Analyse the defects and the procedure for dealing with it
	SB2. Take appropriate actions in terms of any deviations from the process
	Plan and Organize
	The user/ individual on the job needs to know and understand how to:
	SB3. Plan and set the targets along with the supervisors and the co workers
	SB4. Organize tools and equipments to be used
	SB5. Plan work according to the required schedule and location
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:
	SB6. Ensure buffing and snuffing is as per customer standards
	SB7. Evaluate and ensure delivery of products as per customers' specifications
	Problem Solving
	The user/ individual on the job needs to know and understand how to:
	SB8. Identify possible defects with the products
	SB9. Review the defects and take appropriate actions to rectify
	SB10. Report to the authority if problems cannot be rectified
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB11. Diagnose common problems in the machine based on visual inspection
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB12. Assess and control the quality standards of the product as per customer standards

Carry out dusting operations

National Occupational Standard

Overview

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities for carrying out dusting operations while preparing finished leather.

LSS/N0802

Carry out dusting operations

Unit Code	LSS/N0802
Unit Title (Task)	Carry out dusting operations
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities for carrying out dusting operations while preparing finished leather.
Scope	This unit/task covers the following: • Preparatory Work • Dusting operation • Reporting & documentation
Performance Criteria(PC) w.r.t. the Scope	
Element	Performance Criteria
Preparatory Work	To be competent, the user/individual on the job must be able to: PC1. Confirm that the identity and quantity of the material received matches the work ticket PC2. Accurately follow the essential information contained on the work ticket PC3. Handle and transport material, including hides, skins, leather, in the most effective manner and in the correct sequence PC4. Ask questions to obtain more information on tasks when the instructions you have are unclear PC5. Update and develop knowledge of the products PC6. Agree and review your agreed upon work targets with your supervisor
Dusting operation	PC7. Follow the start-up sequences and operate the equipment controls correctly PC8. Complete the process to the specified standard required for the next operation
Reporting & documentation	PC9. Report risks/ problems likely to affect services to the relevant person promptly and accurately
Knowledge and Understanding (K)	
A. Organizational Context (Knowledge of the company / organization and its processes)	The user/individual on the job needs to know and understand: KA1. Details of the various job roles and responsibilities KA2. The organization's rules, codes, guidelines and standards KA3. Statutory responsibilities under health, safety and environmental legislation and regulations KA4. Common hazards in the work area and workplace procedures for dealing with them KA5. Contact person in case of queries on procedure or products KA7. Importance of team work and harmonious working relationships KA8. Protocol and format for reporting work related risks/ problems
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB1. The main types and characteristics of hides, skins or leather produced by the company KB2. All the main stages involved in the company's production KB3. The purpose of each operation in the production process KB4. The sections of the work card relevant to the work required KB5. Equipment capabilities

LSS/N0802

Carry out dusting operations

	KB6. The ways by which material can be contaminated or damaged during processing and the effects on quality KB7. The importance of essential information being passed on to the right authority KB8. Methods to remove the resulting dust from the leather surface after buffing operation KB9. The correct sequence for shutting equipment down KB10. Maintenance duties in terms of identifying equipment faults KB11. Knowledge to deal with changes to the production schedule KB12. The action to be taken when correct material for work is not available KB13. Interpretation of body language (both positive and negative) KB14. Sources of updates on footwear and related areas
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to:

Actions to take in the event of a mock drills/ evacuation procedures or actual accident, emergency or fire
B. Technical Knowledge	The user/individual on the job needs to know and understand: KB13. Occupational health and safety risks and KB14. Personal protective equipment and method of use KB15. Identification, handling and storage of hazardous substances KB16. Proper disposal system for waste and by-products KB17. Signage related to health and safety and their meaning KB18. Importance of sound health, hygiene and good habits KB19. Ill-effects of alcohol, tobacco and drugs
Skills (S)	
A. Core Skills / Generic Skills	Writing Skills
	The user/ individual on the job needs to know and understand how to: SA1. Document and report any health and safety related incidents/ accidents
	Reading Skills
	The user/ individual on the job needs to know and understand how to: SA2. Read and comprehend manuals of operations SA3. Read all organizational and equipment related health and safety manuals and documents SA4. Read instructions, guidelines/procedures/rules related to the worksite and machine operations
	Oral Communication (Listening and Speaking Skills)
	The user/ individual on the job needs to know and understand how to: SA5. Give clear instructions to co-workers, subordinates and other personnel SA6. Use correct technical terms while interacting with supervisor
B. Professional Skills	Decision Making
	The user/ individual on the job needs to know and understand how to: SB1. Make an appropriate timely decision in responding to emergencies/accidents in line with organizational SB2. Evaluate and use correct PPE and other safety gear while at the workplace
	Plan and Organize
	The user/ individual on the job needs to know and understand how to: SB3. Work with supervisors/ team mates to carry out work related tasks

LSS/N8601

Maintain health, safety and security at workplace

	SB4. Plan work according to the required schedule
	SB5. Keep work area free from potential hazards
	Customer Centricity
	The user/ individual on the job needs to know and understand how to:
	SB6. Ensure and follow organizational procedures pertaining to health and safety are followed
	Problem Solving
	The user/ individual on the job needs to know and understand how to:
	SB7. Take appropriate actions during emergencies, accidents or fire at the workplace
	SB8. Resolve issues pertaining to malfunctions in machineries and report if required
	Analytical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB9. Identify emergency situations
	SB10. Identify cause effect relationship for the emergencies
	Critical Thinking
	The user/ individual on the job needs to know and understand how to:
	SB11. Analyse, evaluate and apply the information gathered from observation, experience, reasoning, or communication to act efficiently

CRITERIA FOR ASSESSMENT OF TRAINEES

Job Role Buffing Operator(Finished Leather)

Qualification Pack Code LSS/Q0801

Sector Skill Council Leather

Guidelines for Assessment:

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC
3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below)
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on these criteria
5. To pass the Qualification Pack, every trainee should score a minimum of 50% aggregate
6. In case of successfully passing only certain number of NOS's, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack

NOS	Performance Criteria	Marks Allocation			
		Total Mark	Out Of	Theory	Skills Practical
1. LSS/N0801- Carry out buffing and snuffing operations	PC1. Make sure the work area is free from hazards	100	3	0	3
	PC2. Obtain and check the data on the work ticket or job card		7	5	2
	PC3. Calculate the number of components needed for production		5	0	5
	PC4. Select and sort the materials for the work		5	0	5
